Disclosures & Schedule Of Fees for Personal Accounts
Effective August 2013

Schedule of Fees on Personal Accounts

Balance Information - Balance requirements to avoid service fees refer to the minimum average daily balance. The average daily balances are calculated by adding the balance in the account for each day for a statement cycle and dividing that figure by the number of days in the cycle.

Minimum and average daily balance requirements are based on ledger balance, while interest accrues on bank collected balance for Interest Checking, Money Market Deposit Account (MMDA), Regular Savings and Youth Savings Accounts. Interest accrues on MMDA - Gold and Certificates of Deposit on the ledger balance from day of deposit.

Interest and Other Information for Checking, Savings & Money Market Products

Rate Information - Current interest rates and Annual Percentage Yields (APY) are available at any of City National Bank of Florida (CNB) banking locations or by calling 1-800-435-8839.

Variable Rates - All interest bearing checking, savings, and money market deposit accounts earn a variable rate of interest. At our discretion, the interest rate and APY may change at any time.

Compounding and Crediting - Interest on all interest-bearing checking, money market deposit accounts, savings and youth savings accounts are compounded and credited monthly.

Balance Computation Method - We use the daily balance method to calculate interest; this method applies the daily periodic rate to the bank collected balance in the account each day. See note 3 for Money Market Gold Account variance.

Non-Cash Deposits - If you deposit a non-cash item, such as a check, interest will begin to accrue no later than the business day the bank receives provisionally credited for the deposit.

Transaction Limitations for Savings and Money Market Accounts - Federal regulations impose restrictions on the number of transfers or withdrawals that can be conducted from Savings and Money Market Accounts. Legal Limit: No more than six transfers or withdrawals, or a combination of such transfers or withdrawals per monthly statement cycle, to another account (including a transaction account) of the depositor at CNB or to a third party by means of a pre-authorized or automatic transfer (ACH, telephone, internet banking, overdraft protection, etc.) or withdrawals by check, draft, debit card, or similar order made by the depositor and payable to third parties. If you exceed these limitations you will be charged an excess transaction fee of $10 per transaction over the Legal Limit and your account may be converted to a transaction account.

Interest and Other Information for Certificates of Deposit

Rate Information - Current interest rates and Annual Percentage Yields (APY) are available at any of CNB’s banking locations or by calling 1-800-435-8839.

The APYs quoted on all Certificates of Deposit assume interest remains on deposit until maturity. A withdrawal will reduce earnings.

Fixed Rates - All Certificate of Deposit accounts earn a fixed rate of interest, which is set at the opening of the account. If a Certificate of Deposit is automatically renewed, the rate will be fixed on the renewal date for the renewal term.

Compounding and Crediting – For Certificates of Deposit with terms up to and including 90 days, interest is paid at maturity by check, transferred to another account or added to the account. For certificates with terms greater than 90 days, but less than 1 year, the interest may be paid monthly, quarterly, or at maturity. These payments may be made by check or credited to another account. Interest may only be added on to the account for payments made at maturity. For certificates with maturities of 1 year or more, the interest may be paid monthly, quarterly or annually by check or transferred to another account. For certificates with maturities greater than one year, which do not distribute interest otherwise, interest will be compounded and credited to the certificate annually.

Balance Computation Method - We use the daily balance method to calculate interest; this method applies the daily periodic rate to the bank ledger balance in the account each day.

Automatic Renewal - Your Certificate of Deposit is automatically renewable unless otherwise stated on the Truth-In-Savings Disclosure provided to you at account opening. There is a two (2) business day grace period (for terms less than 30 days) or ten (10) calendar day grace period (for terms of 30 days or greater) from the maturity date to withdraw your funds without being charged an early withdrawal penalty. If you withdraw funds during the grace period, interest will not accrue. If your Truth-In-Savings Disclosure indicates that your Certificate of Deposit is not automatically renewable, interest will not accrue after maturity.

Transaction Limitations - After your Certificate of Deposit account is opened, you may not make additional deposits to your account. Withdrawals made prior to maturity will be assessed an early withdrawal penalty.

Where necessary to comply with the requirements of imposing any of the aforementioned penalties, a portion of the principal may be forfeited if the certificate has not earned a sufficient interest prior to the withdrawal or interest has previously been paid to the owner.

CNB is required to honor a request for withdrawal prior to maturity, without assessing a penalty, in the event of the death or judicially declared mental incompetence of the owner of the account. CNB will not assess an early withdrawal penalty on Certificates of Deposit which are being held as part of an IRA Plan at CNB if the owner has attained the age of 59 ½ or becomes disabled. For specifics on this product, refer to IRA disclosure available at the banking offices.

**Relationship Banking Programs**

CNB offers a relationship banking program for those customers who maintain multiple accounts with CNB. The Relationship banking package allows you to combine the balances of the following types of accounts in order to avoid account maintenance fees.

- Regular Checking
- IRA
- Interest Checking
- Money Market
- Certificates of Deposit
- Individual Retirement Accounts

The terms and conditions of each of the accounts remain the same, except the minimum balance requirements required to avoid a monthly fee, which is replaced by the requirements stated below. By maintaining the combined account balance requirements, you also may have the fees for many of the CNB’s services waived. Contact your CNB representative for a list of these services.

Correspondent bank charges will be deducted from the amount received by the beneficiary. The charge will vary depending on the amount of the wire, ranging from $8.00 to $30.00, and is subject to change. These charges apply if a CNB correspondent bank is used, however, if the sender chooses a different intermediary bank, CNB has no control over the amount charged. Also, the beneficiary may be charged a fee for receiving the incoming wire, which is controlled by the beneficiary bank. In addition to the Wire Transfer fees charged, CNB retains a nominal spread on the Foreign Exchange (FX) rate provided by our correspondent bank. Upon request, CNB will provide you with that spread on the Foreign Exchange (FX) rate.

**Miscellaneous Service Charges for Non-Account Holders**

| ATM Usage Fee | $3.00 |
| Traveler’s Checks Cashed ($5.00 Minimum) | 2% of Face Value |

**Item Processing, Posting and Payment**

We may not process and post credit, debits, and holds to your account in the order they occur or we receive them. When multiple items are presented on a banking day, the Bank generally processes all credit items deposited (e.g., deposited checks, incoming wire transfers, etc.) first, followed by debit items (e.g., outgoing wires, checks, etc.). You agree that we may credit items to and debit items from your account by posting such items arriving to your account on the same day by order of posting and category which we choose in our sole discretion. Typical categories of payment/debit types include: ACH, cashed out items, ATM transactions, point-of-sale (POS), Wires, inter-day transfers between your accounts, and checks. In choosing processing priorities for checks and other debit items, the posting order for all categories of debits, except fees, will be handled in the same manner, posting lowest-to-highest dollar amount. For example, in the category of check processing, we will process checks received on a given day from lowest-to-highest. We may change the priority or order of any category, at any time, without notice to you; however, for your benefit, we will not change the lowest-to-highest payment of items within a category without prior notice. We further reserve the right to change the order of posting / payment priority without notice to you if we suspect fraud or possible illegal activity affecting your account. If the dollar amount of the debit items received exceeds the amount available, at the time those items are presented, the Bank, at its discretion may pay or return those items. For each item presented in excess of the amount available in the account, the Bank may impose a fee. Please refer to the Bank’s Applicable Disclosure & Schedule of Fees for the current amount of those fees.

In order to avoid overdraft charges CNB provides you with the option to link your Checking account with any combination of “Savings/Money Market” or other...
Checking account to transfer funds should your Checking account become overdrawn. CNB will charge a $10.00 Overdraft Protection Transfer fee for each transfer. Transfers will occur in increments of $25.00 except when 1) the paid overdraft exceeds the available balance or 2) you have an overdraft in your account. In both instances 1) & 2), the entire available balance in the funding account will be transferred to the funded account. There is no initial setup fee required. In addition, you may link your City National line of credit to your
